REPUTATION

You might just as well kill a dog as give him a bad name. We are proud of our reputation and we want to say right here if anybody knocks us they boost us, for if you sift the matter you'll find it a personal thing, as all successful people make enemies through being successful, and if we had no enemies we would need no friends. So friends, meet your friends and talk it over, you'll find this true. There's no Wheat Bran Filler in **DR. HUDSON'S LIQUID CONDITIONER**. It's all medicine you buy when you chase a bottle of **DR. HUDSON'S LIQUID CONDITIONER**, and one bottle will do your horse more good than any condition Powder you ever fed for that much money. The Merchants profit on Dr. Hudson's Liquid Conditioner. Is not big, and right here is where you get some benefit. Your horse will prove this to you if you give him a chance to do so. Feed it to the worst looking horse you own, good results will follow. Its the Best Horse Medicine.

TOWN STORES CHANGE HANDS

Huber's Drug Store and Gettysburg Jewelry and Souvenir Store Concerned in Sales. Possession Given in Both Cases at once.

Two of Gettysburg's stores have been sold within the past twenty four hours.

Huber's Drug Store changed hands this morning. It is understood that C. Wm Beales, of the People's Drug Store is concerned in the deal. The store will continue under the name of "Huber's Drug Store" and will be conducted as a thoroughly equipped place of business, being made modern in every particular. It is the intention to carry a larger and more complete line of drugs and sundries than under the former management. Possession was taken at once.

The Gettysburg Jewelry and Souvenir Store on Baltimore street owned for some months by a company was sold on Monday afternoon to Penrose Myers formerly proprietor of the store. Mr. Myers took possession this morning. He will conduct it along his former lines of supplying the wants of his home patrons and those of the tourist trade.

TO MISS ADAMS COUNTY

Adams County is to be missed by the locusts which State Zoologist H. A. Surface states will make their 17 year invasion of Lancaster, York, Dauphin, Chester, Montgomery, Bucks, Lebanon, Berks and Lehigh counties this year. The locusts appeared in this district seventeen years ago and were also noticed in 1892 and 1905, but not in any great number.

The zoologist urged that persons intending to plant trees in land which was swept over by locusts on their last invasion should not do so until June and that trees on tracts similarly visited should not be pruned until summer.

CHARTS OPEN

The charts for the Wednesday and Thursday evening shows of the Y. M. C. A. minstrels are open at Walter's Theatre and the advance seat sales indicate that big houses will be present both evenings. It will be remembered that the autumn show of the Y. M. C. A. drew a "standing room only" house and it was in order to give the people more comfortable accommodations that two nights were decided upon for this attraction. There will be lots of fun, plenty of music and an abundance of pretty choruses in Wednesday and Thursday evenings' shows and both should be greeted by full houses.

FREE ILLUSTRATED LECTURE

Dr. L. A. Parsons will deliver a lecture on "Color Photography" in Brua Chapel at eight o'clock this evening. Washington's Birthday in Gettysburg will be observed in the usual manner. Dry Goods Stores to Close. Entertainments.

Washington's birthday will be observed in Gettysburg in the usual way, a number of appropriate events marking the anniversary of the birth of the "Father of his Country."

The near approach of February 22 was first taken note of on Monday evening when at several social events in town there were appropriate decorations and other things indicating that Washington's birthday was not forgotten.

This evening the Catholic schools' pupils will give several patriotic plays in Xavier Hall and the spirit of patriotism will be manifest, the audience being asked to join in the national songs.

Wednesday evening will be given over to diversion by the people of the town, the Y. M. C. A. entertainment and the public meeting by two of the patriotic orders of town tending to draw the people to Walter's Theatre and the Court House.

There will doubtless be numerous references to the day in the schools which will hold their usual sessions. The banks and dry goods stores of the town will be closed. The Times will appear as usual.

FRAT BUILDING LOOTED

The kindness of a member of the Phi Delta Theta fraternity, of Dickinson College, in permitting two strange and alleged homeless and penniless young men to sleep in the frat house was rewarded by a wholesale robbery of that house at an early hour Saturday morning.

A member of the fraternity, whose home is in Waynesboro, was approached by the young men at a station between 11 and 12 o'clock Friday night, asking for a place to sleep, and the young man took them to his frat house and made them a bed in one of the lower rooms.

Saturday morning when the frat members awoke several of the boys were minus their best clothing, watches, frat pins, etc. In all there were two suits, two overcoats, one raincoat, two sweaters, two gold watches, three scarf pins, one diamond, and other goods, amounting in value to about \$225. Detectives are working on the case.

PRISONERS IN CUPOLA

Several young men of town and college took three young ladies to the cupola of the Old Dormitory on the college campus Sunday afternoon to view the beauties of Gettysburg. When they came to descend they found that some mischievous students had locked and bolted securely the door leading into the main building and all efforts to secure their release were unavailing until one of the men in the party took a large post which he chanced to find in the garret and beat down the door. The young ladies were from Harrisburg and caught the afternoon train for the Capitol City with only a few minutes' margin.

Several inquiries have been received from the firm asking about location, fruit, farming and milk products. HOLD READING MAN ON WITCHCRAFT CHARGE

Accused of Practicing It on a Child.

Reading, Pa., Feb. 21.—Elmer X. Palm was arrested by Constable Fegley on Alderman Miller's warrant on the charge of practicing witchcraft. John Madmann is the prosecutor.

An infant child of Madmann's was suffering with marasmus, and the wife, hearing of Palm's reputation as a "hexer" doctor, called him in and he prescribed medicine for the tot, but failed to help it to any extent.

The "doctor," as Palm is called, then declared that the child was "hexed" and that a person living in the house had cast a spell on the baby. The only occupant of the house, besides Mr. and Mrs. Madmann and child, is the mother of Mrs. Madmann. Palm also said that he could break every bone in the body of the person who had the spell on the child by saying a few magic words.

The information that some one in the house cast a spell on the baby preyed upon the mind of the mother. When her husband learned of the facts he swore out information which led to the arrest of Palm.

The latter, who is about thirty-three years old, entered bail for a hearing.

ALDRICH FAVORS RECIPROCITY

Writes President Pact Should Be Confirmed.

BLOW TO OPPONENTS

"Stand Patters" in Senate Are Loath to Believe Report That He Advocates Freer Trade With Canada.

Washington, Feb. 21.—Senator Aldrich, chairman of the finance committee of the senate, has written to President Taft that he favors the confirmation of the Canadian reciprocity agreement.

Whether the letter makes promise of assistance in getting action in the senate at the present session has not been disclosed, but senators who have seen the letter intimate that the Rhode Island senator will do all he can to aid the president in carrying his program to success.

The announcement that Senator Aldrich, whose name is attached to the existing tariff act, had subscribed to the terms of the reciprocal agreement with Canada, was received with great surprise in the senate, especially by the "stand-pat" senators, who have come out against the agreement on the ground that it is not in compliance with the tenets of the Republic party on the subject of protection.

Some of these senators were loath to believe the report that the chairman of the finance committee, who in tariff fights has always been found on the side of protection for every industry, whether manufacturing, agricultural or mining, had endorsed the president's program for freer trade with Canada.

No announcement was made at the White House in respect to the letter and there was considerable speculation at the capital as to whether the message would be made public.

Early in the present session Senator Aldrich was compelled to leave Washington on account of his health. He is spending the winter at Jekyll Island, Georgia, and although much better than when he left Washington, it is not likely he will be able to take any further part in tariff legislation as his service in the senate will end March 4. His letter, therefore, even if made public, can have no effect other than to ease the minds of some "stand pat" senators, who are inclined to vote for the Canadian agreement against their convictions.

Soon after the Canadian agreement was sent to congress, and it was reported there was little chance for action in the senate at the present session, President Taft wrote to Senator Aldrich. It is understood that the executive urged the veteran tariff bill maker to come back and take charge of the fight for the measure in the senate. At one time it was rumored that Mr. Aldrich might be back, but this report was denied.

Expect Extra Session.

Sensors who discussed the statement issued by Representative McCall, following his Sunday interview with President Taft, construed it to mean that an extraordinary session of congress surely would be called by the president in the event that the senate failed to act on the agreement, and that the statement was issued with the president's sanction, if not direct. There is no doubt that it filled some senators with consternation while some others felt that it was only a gentle reminder from the White House that the "big stick" still was in working order.

CAVE-IN CAUSES DAMAGE

Houses Wrecked and Streets Badly Damaged by Subsidence in Mine.

Wilkes-Barre, Pa., Feb. 21.—Four houses were wrecked, streets badly damaged and water mains broken by the caving-in of the surface at Larksville, due to a settlement of the roof in old workings of the Kingston coal company mines.

The residents were aroused during the night by the houses being shaken, the windows broken and the plaster falling off. All got out with slight injuries. For hours afterward the disturbance continued until streets were torn open in several places and the houses badly wrecked.

The breaking of the water mains deprived Larksville, Courtland and parts of Edwardsville of water.

Washington, Feb. 21.—Only money and not advertising, can be accepted by interstate railroads in payment for transportation, according to an interpretation of the Hepburn rate law of 1906, announced by the supreme court. The decision involved a large number of contracts between the Chicago, Indianapolis & Louisville Railway company and various publishers.

SEEK AN IRISH REPUBLIC

Clan-Na-Gael Leader Announces Principles of New Organization.
Boston, Feb. 21.—By vote of a national convention of representatives of the former Clan-Na-Gael organization, to further the cause of complete independence for Ireland, a declaration of principles was adopted. T. J. Collins made public the declaration of principles in part as follows:
"This organization has for its object the complete independence of the Irish people and the establishment of an Irish republic."

"To accomplish the object of the organization the old Clan-Na-Gael purposes to unite in the bonds of obedience, secrecy and love all men of our race in all lands who believe in the principles of Wolf, Tome and Emmett."
"We pledge our hearty support to the efforts now being made to federate all Irish national societies in America."

EXPECTS LOCUSTS

Pennsylvania Zoologist Looks For Pests in Nine Counties.

Harrisburg, Pa., Feb. 21.—State Zoologist Surface stated that from reports he had received he looked for an invasion of the seventeen-year-old locust of York, Lancaster, Dauphin, Chester, Montgomery, Bucks, Lebanon, Berks and Lehigh counties this year.

The locusts appeared in this district seventeen years ago and were also noticed in 1902 and 1905, but not in any great number.

The zoologist urges that persons intending to plant trees in land which was swept over by locusts on their last invasion should not do so until June, and that trees on tracts similarly visited should not be pruned until summer.

RADICAL LABOR PARTY, VISION OF GOMPERS

Says Unions Must Soon Enter Politics.

Indianapolis, Ind., Feb. 21.—"A constructive, progressive, radical labor party must soon enter the field of politics against the Republican and the Democratic parties," said Samuel Gompers, president of the American Federation of Labor, in a speech to members of the Indiana legislature. He continued:

"The Republican party, if it remains as it is now, will represent the power of wealth, and the Democratic party will compete with it for the same leadership, unless the Democrats turn to the people to lead them out of bondage. There must be a change. Discontent must find expression in a broader and more humane party than either of the old parties as they stand at this time."

"The middle class, the business man and the humble toilers, are willing to fight to come into their own, but we believe in evolution, not revolution."

Shenandoah, Pa., Feb. 21.—Twenty years ago Peter Becker, a well known business man, was separated from his wife and afterward divorced, she taking her one-year-old son, Albert, with her, and later she married the second time.

Last July, when Albert became of age, his mother, residing in Berwick, related the family history. Albert did not rest until he located his father, and after much correspondence and exchange of photographs they met in Shenandoah. The father is aged, but the boy is a fine specimen of manhood, almost six foot, weighing 180 pounds.

JOSH GAVE THE CUP.

But He Couldn't Make Good on the Bear Proposition.
Josh Billings, the gaunt, long haired philosopher, was one of the most genial of men. Many of his ill spelled sayings were meaty, and one of them at least was worthy of Solomon. It was:
"The best way for a father to train his boy in the way he should go is to go that way himself."
Some years ago, when Josh was staying in the White mountains, he was charmed by a beautiful spring of clear, icy cold water which bubbled up at the side of the highway. He made the carriage stop and, removing his slouch hat, lay down on his face and drank a deep, refreshing draft. In compliance to him the residents in the neighborhood named the fountain "Josh Billings' spring," and it has thus been known ever since.
At the nearest village Josh bought a huge tin cup and scratched on its side the warning:
Whoever steals this fine big cup By a big black bear will be eat up.
JOSH BILLINGS.

This cup was placed on a broad, flat stone within convenient reach. A few days later the humorist, having nursed a consuming thirst, walked all the way to the spring to quench the same. To his dismay and anger the utensil was gone, and on a scapling near at hand was tacked a bit of paper with the penciled words:
Dear Josh, your cup is gone. I know not where.
Now, if you please, trot out your big black bear.
Fortunately for the poet he did not sign his name or give any clew to his identity.—Los Angeles Times.

He Meant Well.
When Earl Spencer was lord lieutenant of Ireland the people of Dublin called the beautiful countess, one of the loveliest women of her time, "Spencer's Faerie Queen."
But when their excellencies were about to return to England Irish gallantry was shown in a characteristic way. At the farewell banquet in their honor an Irish gentleman who was anxious to pay the beautiful countess a compliment got up and said, with much fervor and many bows:
"We all hope soon to see you back again, you and the work of art by your side."

Merely a Dentist's Job.
MacDougal-Dougal determined to celebrate the christening of his first-born in grand shape and journeyed to London to buy many things for the house, and especially a fine piano.
MacDougal-Dougal decided to have the piano sent on in advance. He didn't want to take it up with him, for it was a somewhat bulky package, so he dispatched it jubilantly before he left town.
When he arrived in Scotland he was met by his trusty retainer.
"Well, did the piano arrive safely?" he asked.
"Aw, weel," replied Donald, "she's as well as ye could expect. She slipped as she was ranging the sea horse an' broke a foot of her front teeth, but I dinna think she's really hurt."

WELL KNOWN MINISTER

Restored to Health by Vinol.
Rev. D. Schneider, who is a well known minister in Rice Lake, Wis., writes:
"I had a very severe stomach trouble last year from which I was kept in bed three months. I had engaged the services of a doctor, but to no avail. I then read of Vinol and determined to try a bottle. Before it was used I was out of bed, and four bottles made me a well man. Vinol is a splendid medicine and I can gladly recommend it."
Prominent men from all over the country do not hesitate to indorse this wonderful tonic.
For twelve years Vinol has been sold on the "money back" plan and every year strengthens its popularity and proves by continued tests that it will do what we claim for it. People's Drug Store, C. Wm. Beales, proprietor, Gettysburg, Pa.

There is urgent need of a clean, healthy condition of the teeth. Did you ever realize that your mouth was the gateway of your body and that the teeth are the guards in the gateway? Do you know that one's health is never better than his teeth? It is a fact.

LISTEN!

When the numerous bacteria of the mouth begin to multiply, due to unclean conditions rendering the mucous membrane susceptible to specific fever germs you swallow these germs every minute and infect your digestive organs. No wonder stomach troubles result.

If you are seeking good health the FIRST thing to do is to keep your mouth in hygienic condition—disinfected with the well-known mouth antiseptic:
